Advantages of CARIF hydraulic system

All CARIF models 260/320/450 are completely Hydraulic: closure of the vice, bow feed and pressure. The Carif hydraulic patented system has been designed with 2 commands: BOW FEED and CUTTING PRESSURE. Thanks to this system the blade regularly descends, with a constant auto-regulation for every material type, section and thickness.

+ Increased productivity

no operator during cutting cycle, Ø stops.

+ Always straight cut

auto-regulation of blade-stress based on material hardness and section.

+ Longer blade life

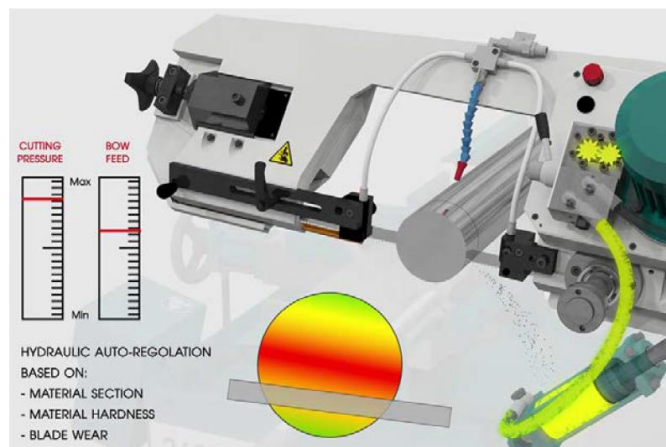

slows down the bow descent without straining the blade when worn out.

+ Easy to use

Practical, simple and ergonomic operations.

+ Fast cutting operations

Fully hydraulic cycle. More efficiency.

TERMS AND CONDITIONS:

TERMS AND CONDITIONS OF QUOTATION AND SALE

These Terms and Conditions form a part of the quotation and/or acceptance of Buyer's purchase order in connection with which they have been supplied to Buyer, and of any subsequent purchase by Buyer until such time as revised Terms and Conditions of Quotation and Sale are supplied to Buyer, in which case the latest supplied Terms and Conditions of Quotation and Sale, until later replaced, will apply to all subsequent such purchase orders. Buyer is invited to accept these exact terms by signing the quotation where indicated and returning a copy of it to Mid Atlantic Global, Inc. ("MAG"). Any changes to the quoted terms provided by Buyer which are in addition to or different from those contained herein, are hereby objected to and shall be of no effect, unless separately and specifically agreed to in writing by MAG. Buyer will be deemed to have assented to these Terms and Conditions if Buyer makes any payments for product(s) or accepts delivery of product(s).

DEFINITIONS - The word "Purchases" as used herein shall mean one or more of the basic Machine, its equipment, accessories, parts and optional items as are purchased under the "Contract" as hereinafter defined. The word "Machine" as used herein shall mean the basic machine utilizing equipment and/or accessories and/or parts and/or optional items purchased under such Contract, or the basic machine on which the Purchases will be used if such machine was purchased from MAG or another supplier under a different earlier contract.

PRICES - All prices are quoted U.S. duty paid unless otherwise indicated. MAG will endeavor to maintain the prices quoted for any Purchases, but cost increases beyond its control, including changes in foreign exchange rates, may necessitate price increases. Prices are F.O.B factory, at point of manufacture, or port of entry, unless otherwise specified.

PURCHASE ORDER - The Buyer's purchase order shall be a written offer to purchase based upon the relevant written quotation made by MAG and shall be subject in all respects to these Terms and Conditions of Quotation and Sale. The details of a purchase order and the date of shipping shall be conclusively the respective dates thereof solely as shown by the records of MAG or of MAG's supplier kept in the ordinary course of business. It will be the responsibility of Buyer to ascertain and understand the capacity rating, if any, of a Machine and any Purchases being ordered at any time and to determine that any Purchases will meet Buyer's requirements and that Buyer's use thereof will not exceed any capacity rating of the Machine or of its equipment, accessories, parts and/or optional items.

CANCELLATION - Buyer's written purchase order shall not be subject to cancellation by Buyer except with MAG's written consent, and then only upon terms and conditions that will fully indemnify MAG against all losses resulting therefrom.

CONTRACT - The contract between Buyer and MAG shall consist of Buyer's written purchase order and any relevant written quotation made by MAG and these Terms and Conditions of Quotation and Sale (the "Contract").

DELIVERIES, LIMITATION OF LIABILITY - MAG shall under no circumstances be responsible or liable for delays, nonperformance, loss or damages, whether direct or consequential, due to any circumstances beyond MAG's control, in which event MAG shall have the right to revoke the Contract, without any responsibility or liability to Buyer whatsoever, whether direct or consequential. Buyer's failure to promptly make advance or interim payments, supply technical data, drawings or approval will result in a commensurate delay in delivery.

PURCHASES BY CREDIT CARD FOR ACCESSORIES, PARTS and OPTIONAL ITEMS - If Buyer shall pay its obligation to MAG by credit card, Buyer's purchase order shall not be cancelable by Buyer after payment has been made by credit card except with the written consent of MAG, and the granting or withholding of such consent shall be totally at the discretion of MAG.

FREIGHT RATES - MAG neither guarantees nor assumes any responsibility or liability for domestic or international freight rates.

RISKS - Purchases will travel totally at Buyer's risk, and the Buyer hereby assumes all risks of loss, injury or destruction occurring after the time of shipment of the Purchases to Buyer by MAG or the manufacturer. No such loss, injury or destruction shall operate in any manner to release the Buyer from the obligation to pay for the shipped Purchases. In the event of damage or loss in transit, MAG will, if feasible, assist Buyer in asserting Buyer's claim against the carrier or insurer.

TITLE - Title and ownership of all Purchases shall remain with MAG after receipt thereof by Buyer until payment therefor has been made in full. After receipt thereof by Buyer, all of such Purchases shall be and shall remain personal property and shall retain their character as such even if they are installed on permanent foundations or in any other manner affixed or attached directly or indirectly to realty, and without regard to the purposes for which they may be used. The rights of MAG to possession of such Purchases until the purchase price therefor shall have been paid in full shall be superior to any rights of the Buyer to possession thereof. If Buyer shall fail to make any payment when due under the Contract, MAG shall be entitled to all remedies available under the Uniform Commercial Code in force in the State of Pennsylvania on the date of the Contract, including the right to repossess the Purchases by self-help and without resort to judicial process.

SECURITY INTEREST - Regardless of any passage of title, where retention of a security interest is legally permissible MAG shall retain a security interest in the Purchase(s) until all payments hereunder have been made in full. Buyer agrees to do all acts necessary to perfect and maintain such security interest, including but not limited to signing any financing statements and other customary documents. Buyer hereby grants to MAG a limited power of attorney to prepare, execute, and file all such financing statements and other customary documents on Buyer's behalf if Buyer is unable or unwilling to sign and file the same or fails to do so. Buyer shall protect MAG'S interest in the Purchase(s) by adequately safeguarding and insuring them.

INSPECTIONS AND CLAIMS - The Buyer shall inspect all Purchases immediately upon their arrival at the destination specified in the Contract and shall, within five (5) days thereafter, give written notice to MAG of any claims that the Purchases do not conform to the requirements of the Contract. If no such notice is given within such five (5) day period of time, the Purchases shall conclusively be deemed to conform in all respects to the requirements of the Contract. All claims made within said five (5) day period of time will, if justified, be satisfied by MAG or the manufacturer in accordance with the **LIMITED WARRANTY** set forth below.

RETURNS - MAG will not accept any return of Purchases unless (a) MAG shall have authorized each such return and (b) Buyer shall have prepaid all freight charges thereon to MAG's warehouse or other designated consignee. Any conditions specified by MAG in MAG's authorization of any return of Purchases shall bind the Buyer making the return.

SAFETY RESPONSIBILITY - It is the Buyer's and operator's joint and several responsibility to use all Machines and Purchases only with proper safety devices and equipment and proper operating procedures to safeguard the operator from injury at all times and on a continuing basis during any set-up, use or operation of the Machines and Purchases. It is the Buyer's responsibility to train all operators in proper and safe operation and usage of the Machines and Purchases. It is the Buyer's and operator's further joint and several responsibility to assure that such set-ups, uses and operations are not beyond the rated capacities of the Machine and Purchases and are not on materials for which the Machine and Purchases were not designed. It is the Buyer's and operator's joint and several responsibility to set-up, use and operate the Machine and Purchases in conformity with all Federal, State and local government safety standards and all industry safety standards.

ELECTRIC CODE, ELECTRIC POWER SUPPLY, OPERATION AND MAINTENANCE - - Compliance with applicable electric code, provision of the proper power supply and related controls, proper operation and proper maintenance of the Machine and Purchases are the responsibility of the Buyer.
