Proposal No: 15018-033125-CB

RE: PIRANHA
P50 IRONWORKER

Dear Tony,

In response to your request, it is a pleasure to offer the following information for your review.

If you have any questions or need additional information, please do not hesitate to call me.

Please review the Terms and Conditions of Sale.

Mid Atlantic Machinery, Inc. looks forward to a continuing relationship with your Company, helping you to fulfill all your Metal Fabrication needs.

Sincerely,

Chris Barsanti

Proposal No. 15018-033125-CB

PIRANHA
P50 IRONWORKER

**P50 Machine Price including Standard Equipment Listed Below
\$18,995.**

(Prices listed are ExWorks Rockford, IL, in USD and are valid for machines purchased and installed in the U.S.)

STANDARD EQUIPMENT INCLUDED

Mechanical Hold Down
Punch Holder, Urethane Stripper, & Die Block
Set of Angle Knives
Set of Coper Knives
Instruction/Parts Book/Video Link

Coupling Wrench
1/2" Allen Wrench
Foot Switch
Set of 13" Plate Shear Knives

STANDARD FEATURES

- 1. Urethane Stripper Attachment-** keeps material flat through the punching process, eliminating distortion. The shorter required stroke gives you a faster punching cycle.
- 2. Mechanical Shear Hold-downs-** clamps material at change of material thickness. Part movement is eliminated by clamping the part throughout the entire shearing cycle.
- 3. Visibility-** a direct line of sight over the hold down bar allows the operator to easily and accurately line up cuts to the shear blades.
- 4. Flat Bar Shear-** the low rake angle shear design results in flatter and higher quality sheared parts. Shear blades have four useable edges giving you a longer life and less expensive blades.
- 5. Angle Shear-** the square upper angle knife has four cutting radiuses to better fit the angle being sheared, giving you lower distortion and a higher quality cut.
- 6. Coper Notcher-** the low rake angle blade keeps part flat and under control during notching.

Piranha work stations are at a consistent, ergonomic level throughout the entire machine. Easily adaptable to material feed systems without the need to adjust the height between stations.

MAXIMUM SPECIFICATIONS (rated on mild steel- 60,000 PSI Tensile)

Punching (50 Tons)	13/16" diameter through 3/4" plate
Throat Depth	5"
Bending (Optional)	6" up to 12" w/4-way die block
Round Bar Shear	1/4" through 1-3/8"
Square Bar Shear	1/2" through 1"
Flat Bar Shear	12" x 3/8", 10" x 1/2", 6" x 3/4"
Angle Shear	3" x 3" x 3/8"
Coping/Notching	2-1/4" x 3" x 1/4"
Motor	3 HP, 3 Phase
Weight	1,700 Lbs.

DELIVERY

Normal delivery is from stock subject to confirmation at the time of order. Price is ExWorks factory Rockford, Illinois and does not include any applicable sales tax or installation. **Up to twelve gallons** of ISO Grade 32 hydraulic oil is required. The machine is shipped totally wired through the electrical enclosure box. It has been left to the purchaser's discretion whether to wire direct to a disconnect or to install a cord and plug for mobility.

SHIPMENT REQUIREMENTS

MegaFab requires Flatbed Trailer(s), with adequate Chains and tarps (to cover full height and width), to assure protection of this equipment when using truck transportation. Please make sure that adequate deck space is allotted for machine and all accessories shipping with order. Upon request, MegaFab will arrange shipping to destination. Freight and insurance charges are the responsibility of the customer, and will be invoiced on machine order. Please consult the factory for any questions regarding shipping requirements.

WARRANTY

Twelve (12) months, covering parts against defects in materials or workmanship.

AVAILABLE OPTIONS (Pictures of Options Shown Below are Not all on P-50 Model)

BENDING ATTACHMENTS

The bending attachments are designed to increase productivity on the punch end of the machine. The 6" versions are mounted parallel to the beam allowing you unlimited throat depth, while the 12" version mounts perpendicular to the beam. The 6" bending attachment comes with a single "V" opening. The 12" bending attachment includes a 4-way bending die with openings of 7/8", 1-1/8", 1-1/2" and 2".

4421660	6" Bending Attachment	\$820
4421665	12" Bending Attachment	\$1,425

CHANNEL PROCESSING ATTACHMENTS

We offer a Channel Die Block which replaces the standard die block and is designed to punch a hole in the leg or web of channel.

4421615	Channel Die Block	\$875
---------	-------------------	-------

OVERSIZE PUNCHING ATTACHMENTS

Oversize Attachments mount in place of standard punch attachment and are designed to punch a 50-ton maximum hole.

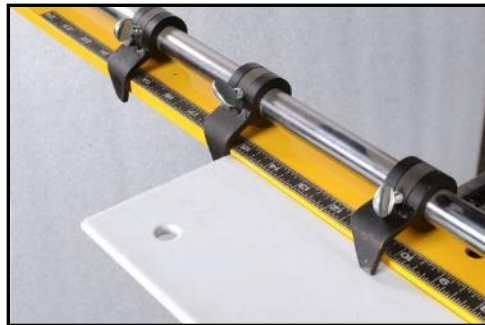

4421641	1-9/16" Oversize Punch Attachment	\$2,085
4421622	2" 28XX Punch Attachment (2" Max Hole)	\$2,195
4421625	3" 28XX Punch Attachment (3" Max Hole)	\$2,250

AVAILABLE OPTIONS (continued)

QUICKSET GAUGING TABLES

The quickset gauging table option is a productivity tool for the punch end. The gauging table mounts around the die block and uses finger stops to repeat a series of punched holes in flat bar or angle. The attachment comes with a table and flat bar gauge with measuring rules for easy hole location layout. A 5' or 10' extension can be added to the left or right side of the base table for longer part processing.

4421621	Punch Quick Set Table Attachment	\$1,865
4431618	5' Quick Set Table Extension Attachment	\$1,535
4431619	10' Quick Set Table Extension Attachment	\$1,975

SHEARING BACKGAUGES

The backgauge option is a productivity tool for the shearing section. The backgauge mounts on the drop side of the machine and uses a compression sleeve for infinite, easy adjustment to gauge cut lengths in the angle, flat bar and round bar shearing stations. A support leg is included with the 9' version.

Note: Pictures shown on P65 Ironworker

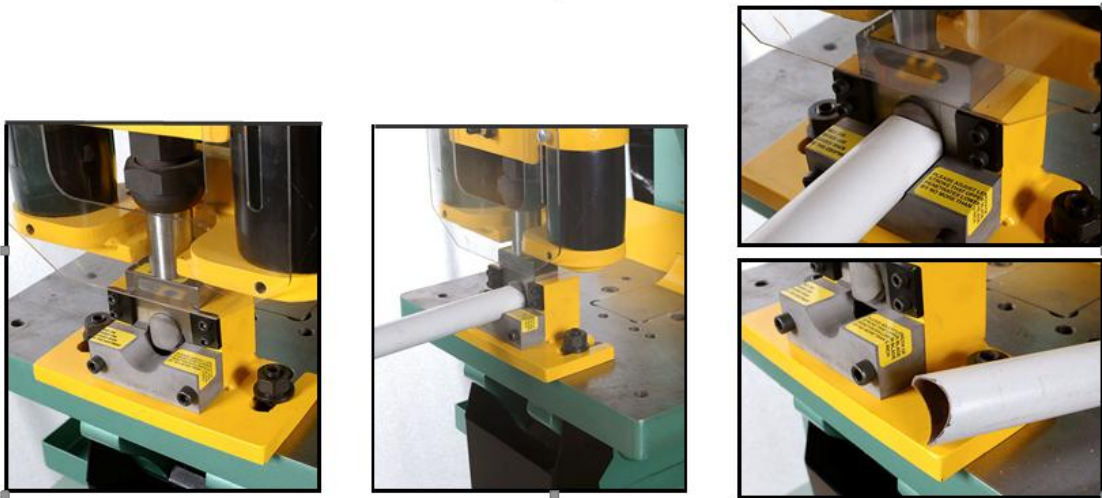

44217501	3' Backgauge, manual	\$2,195
44217506	6' Backgauge, manual	\$2,415
44217509	9' Backgauge w/leg, manual	\$2,855

AVAILABLE OPTIONS (continued)

PIPE NOTCHING ATTACHMENTS

The pipe notching attachments mount easily on the platen table in place of the punch die block. This is a single notch system. To notch both sides of the pipe you must rotate the pipe and realign with the notching die for the second notch. The pipe notching attachment is made up of three separate pieces, the pipe notching die holder, the pipe notching die and the pipe notching striker.

- The pipe notching die holder is a universal die holder that bolts to the platen table and can accept 3/4" through 2" Schedule 40 Pipe Notching Dies
- The pipe notching dies are spring return die sets that mount in the pipe notching die holder. Standard sizes of pipe notching dies are 3/4", 1", 1-1/4", 1-1/2" and 2" Schedule 40. Other sizes of pipe and tube notching dies are available upon request but may require a different die holder.
- The pipe notching striker is an extended flat bottom punch used in your standard stripper assembly to press down the pipe notching die.

4433631	Pipe Notching Die Holder	\$292
4433642	¾" Schedule 40 Pipe Notching Die	\$476
4433636	1" Schedule 40 Pipe Notching Die	\$476
4433637	1-1/4" Schedule 40 Pipe Notching Die	\$476
4433638	1-1/2" Schedule 40 Pipe Notching Die	\$476
4433639	2" Schedule 40 Pipe Notching Die	\$579
4433640	Fig. DH Pipe Notching Striker	\$42

PERFORMANCE / MOTOR OPTIONS

Single Phase Motor (add to Machine Price)		\$550
820493IW000900	10 Piece Punch & Die Set	\$336
822491IW000900	5 Piece Punch & Die Set	\$168.25
0220143	Chip Bucket	\$89.50
4421800	Coper Table Guides, set of 3	\$148.50

COMPARISON CHART

Please use the below chart to help make a comparison between the Piranha Ironworker and other brands. We have filled in some capacities and features that are very beneficial to all ironworker users. Fill in the boxes provided for the other brands to help you make your comparisons.

FEATURE	PIRANHA P50		
PUNCH CAPACITY	50 TONS 13/16" HOLE IN 3/4" PLATE		
THROAT DEPTH	5"		
PUNCH AND DIES	NOT INCLUDED		
FLAT SHEAR CAPACITY	12" OF 3/8" PLATE 10" OF 1/2" PLATE 6" OF 3/4" PLATE		
ANGLE SHEAR CAPACITY	3" X 3" X 3/8"		
NOTCHING CAPACITY	2-1/4" X 3" X 1/4"		
PUNCH STRIPPING TYPE	URETHANE CLAMPING AND STRIPPING INCLUDED		
SHEARING HOLD DOWN TYPE	MECHANICAL HOLDDOWN INCLUDED		
WEIGHT	1,700 LBS.		
INVESTMENT			

Price and specs are subject to change without notice.

WARRANTY; LIMITATION OF REMEDY. Seller warrants the equipment sold hereunder (excluding software): (a) will conform to the specifications provided, or agreed to in writing, by Seller; and (b) will be free from defects in material and workmanship, for a period of twelve (12) months from date of shipment (the "Warranty Period"). Seller grants no warranty on tooling and consumables, and other perishable items including but not limited to punches and dies, plasma nozzles and electrodes, and laser cutting head optics, cover slides, nozzles, fiber tips, nozzle adapters, ceramic insulators and any other items located below the lower cover slide. Any goods covered by this warranty that are defective, will be repaired or replaced at Seller's option, as the sole and exclusive remedy available to Buyer under this warranty. Seller reserves the right to inspect the goods that are asserted to be defective to confirm its condition. THE WARRANTY CONTAINED HEREIN IS IN LIEU OF ANY OTHER WARRANTY, WHETHER EXPRESSED OR IMPLIED BY STATUTE OR OTHERWISE, INCLUDING ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR PARTICULAR PURPOSE, OR NONINFRINGEMENT (WHICH WARRANTIES ARE HEREBY SPECIFICALLY DISCLAIMED AND EXCLUDED UNDER THIS CONTRACT). The warranties provided herein shall be void if (i) equipment is utilized by Buyer for a purpose or to perform a function for which such equipment was not designed or originally intended; (ii) any change, addition, alteration, modification or repairs have been made in or to equipment without Seller's prior written consent; (iii) where equipment is used with consumables, tooling, and/or accessories not furnished by Seller and/or modifications that have not been recommended or approved by Seller in writing; (iv) where Buyer has failed to utilize qualified maintenance and operating personnel in the operation and/or repair of the equipment; (v) where installation, maintenance and operation of the equipment has not been in strict accordance with applicable manuals and instructions furnished by Seller; or (vi) where equipment has been subject to misuse, negligence or accident in installation or operation beyond Seller's control.

Mid Atlantic Machinery, Inc.

TERMS AND CONDITIONS GOVERNING ALL QUOTATIONS AND ORDERS:

QUOTATIONS AND ORDER ACCEPTANCES:

(A) This quotation, or proposal, from Mid-Atlantic Machinery, Inc. (hereinafter referred to as "MAM") **does not constitute an offer but is an invitation to place an order. The terms of this proposal shall be accepted by the buyer ("Buyer") upon Buyer's issuance of a purchase order and/or down payment.** All orders are subject to written acceptance by MAM. If an order based upon this proposal is accepted by MAM, it is agreed that the order shall be subject to the terms and conditions (the "Terms") set forth hereinbelow. It is also understood that if the order placed is pursuant to a government contract, it shall also be subject to any conditions required by laws of the United States and mandatory terms of such government contract as are disclosed to MAM. No contract term or condition shall be amended, deleted or added without the express written consent of MAM, and MAM hereby gives notice of objection to any terms set forth in any other writing which are in addition to or different from the terms set forth in this quotation.

(B) Orders based on our quotations are continuous, outstanding, and made by a duly authorized party.

(C) Orders based on our quotation are subject to acceptance upon sale confirmation and/or acceptance by manufacturer(s) or supplier(s).

(D) This quotation and all drawings, specifications, materials, patterns and special purpose manufacturing aids which are supplied to you by MAM shall be kept in confidence and shall be listed and maintained in suitable condition at the expense of Buyer and are to be considered the property of MAM held on consignment by Buyer and to be insured while in Buyer's possession. Such articles and all copies thereof from any source shall be returned to MAM at any time upon request and shall not be used for any third parties without the express permission of MAM.

(E) Any clerical errors are subject to correction and must be brought to the attention of MAM as soon as suspected.

PRICING:

(A) All pricing is reflected in USD as standard. Prices in MAM's advertising materials and website are subject to change without notice. All specifications are subject to update, upgrade, and/or revision without notice.

(B) All sales are made subject to all state, county, city/local and federal use, sales and excise taxes and tariffs, the amount of which Buyer agrees to pay. Any such tax may be billed to the Buyer as part of the selling price or may be separately billed at any time by MAM, if MAM is required by any taxing authority to collect or pay such tax.

(C) Unless otherwise specified and agreed to by MAM in writing, prices are F.O.B. factory, at point of manufacture. Buyer is responsible and bears all risk of loss during transport once the machine(s) and/or other purchase(s) (the "Goods") leaves manufacturer. Buyer is responsible for all costs of transportation, including rigging, from the point of manufacture and is responsible for insurance on the Goods during transit. Buyer shall pay any additional charges for special packaging requested by Buyer.

PAYMENT TERMS:

(A) As stated on proposal. Subject to credit approval at time of acceptance of order unless otherwise stated in quotation. Any unpaid balance thereafter shall be subject to a service charge of up to 1 1/2% per month or the maximum allowed by law, whichever is less. There shall be no extension or change in the time for payment due to delays in installation and/or delays in operation of the equipment caused by damage, warranty service or warranty replacement of parts.

(B) Buyer shall remain liable for all orders, notwithstanding any request by Buyer to direct an invoice to a third party.

FORCE MAJEURE:

A party shall notify the other party hereto in writing within twenty-four (24) hours of the knowledge of a Force Majeure event, and neither party shall be considered to be in default of an accepted purchase order to the extent that its failure or delay in performance is actually caused by a Force Majeure. "Force Majeure" means acts of God or nature, acts or

declarations of civil or military authority (including government-ordered closures or lockdowns), fires, floods, epidemic, war, or like occurrences that are beyond the control and without the fault of either party, including but not limited to strikes or other labor troubles of port workers; however, strikes or other labor troubles involving a party, or its representatives shall not constitute Force Majeure. A party shall use commercially reasonable efforts to mitigate the effect of such Force Majeure and relief granted to the party experiencing Force Majeure shall be limited to an extension of the time of performance. If MAM experiences a Force Majeure event for more than ninety (90) days, Buyer shall have the right to terminate the accepted purchase order and is entitled to a refund of all monies paid to MAM subject to costs approved in advance by Buyer in writing.

MODIFICATION OR CANCELLATION OF ORDER:

(A) Purchase orders accepted by MAM may be cancelled only with MAM consent, except as set forth above for certain cases involving Force Majeure. In the event of such consent, you shall pay to MAM promptly upon receipt of invoice from it:

(1) Contract price for all products which shall have been completed prior to receipt of notice of cancellation.

(2) All actual costs made or incurred by MAM in connection with the uncompleted portion of the order plus normal profit of the total contract price as partial liquidated damages.

(3) Cancellation charges if any of MAM on account of its purchasing commitments made under the order.

(B) All Goods paid by Buyer hereunder shall be delivered to Buyer in their "as-is" condition at the date of such cancellation at the sole cost and expense of Buyer.

(C) Any modification, addendums or change orders to add or remove items from the purchase order that are requested later than 10 business days after MAM's acceptance of the purchase order is subject to a change order fee, related to re-engineering time, rework, and/or restocking, in MAM's sole discretion.

SHIPPING AND DELIVERY SCHEDULE:

(A) Subject to confirmation by factory at time of MAM acceptance of purchase order.

(B) Subject to unavoidable delays caused by Force Majeure, as defined herein.

(C) The terms of delivery are set in good faith and are approximate. All delivery times are estimates only and do not constitute commitments. Manufacture and/or delivery periods will not commence until written acceptance by MAM of the purchase order and MAM's receipt of any required initial deposit.

(D) Delays in delivery do not release the Buyer from its obligation to accept the delivery and does not give entitlement to claims for compensation by MAM, unless agreed otherwise by written acknowledgment. Buyer hereby agrees not to hold MAM liable for any compensatory, punitive, special, incidental or consequential damages, or any similar damages, whether foreseeable or not, arising from or relating to any delay in delivery and/or installation, including but not limited to: loss of profits, revenue or business opportunity; loss by reason of shutdown of facilities; loss because of inability to operate any machinery or facility at full capacity.

(E) In addition to the rights and remedies conferred upon MAM by law, MAM will not be required to proceed with the performance of any accepted purchase order if Buyer is in default in the performance of any order or contract with MAM and, in cases of doubt as to Buyer's financial responsibility, shipments under an order may be suspended or sent sight draft with bill of lading attached by MAM.

(F) Buyer is solely responsible for preparing its facilities for delivery and installation of the Goods, including but not limited to having suitable electrical service available, sufficient clearances for installation and positioning, and having capable load-bearing infrastructure.

INDEMNIFICATION:

(A) Buyer agrees to save MAM harmless and indemnify MAM from and against any and all claims, judgments, and expenses of defense arising from or relating to: non-compliance with the applicable electric code; non-operation or faulty operation of any Goods; personal injury, loss or damages, whether direct, indirect, special, or consequential, in any degree resulting from, or contributed to by, inadequate or deficient or excessive or inappropriate electrical power supply for the operation of any Goods, wherever located, inadequate or incorrect instruction of operating personnel in

the use of any Goods, and improper or incompetent operation thereof including but not limited to overloading, abuse thereof, improper or inadequate maintenance thereof, use of any Goods for purposes or on materials for which the same is not intended according to its specifications or to generally accepted trade standards, or alteration or modification of any kind to such Goods unless previously and specifically approved in writing by MAM.

(B) As used herein, "expenses of defense" shall include all reasonable defense expenses and costs including (but not limited to) counsel fees incurred by MAM. "Improper or incompetent operation" as referred to above shall include, but not be limited to, failure to follow manufacturer instructions, generally accepted trade practices, warnings and recommendations and failure to comply with applicable federal, state and local laws and regulations. Said indemnification and exoneration against claims and judgments shall include, but not be limited to, those resulting from any legal theory of strict liability and from any theory of breach of warranty of any kind. In addition, as used above, the terms "improper or inadequate maintenance" shall include, but not be limited to, improper or inadequate installation performed by Buyer.

(C) Buyer agrees not to hold MAM liable for compensatory, punitive, special, incidental or consequential damages, or any similar damages, whether foreseeable or not, arising from or relating to any product malfunction or failure, including but not limited to: loss of profits, revenue or business opportunity; loss by reason of shutdown of facilities; loss because of inability to operate any machinery or facility at full capacity; damage to materials processed using the purchased products.

(D) These indemnification provisions shall supersede any inconsistent provision(s) in any document involving Buyer's purchase unless specifically agreed to in writing executed by MAM.

WARRANTY:

The Goods that are the subject of this sale have been manufactured by others. MAM makes no warranties, express or implied, in connection with this sale and, without limiting the generality of the foregoing, hereby expressly EXCLUDES any and all warranties of MERCHANTABILITY and warranties of fitness for a particular purpose. The warranties available to Buyer are those extended by the manufacturer to MAM to the extent that they are in force and effect, which warranties are on file at the offices of MAM and shall be assigned by MAM without recourse at Buyer's request. Performance and production data, including accuracy, capacity and capability of Goods are estimates only and not guarantees since they are dependent upon varying future production factors and conditions not within MAM's control. No agent, employee or representative of MAM has any authority to bind MAM to any affirmation, representation or warranty concerning the Goods that are the subject of this quotation beyond that specifically included in the written quotation. MAM shall have no obligation to install or provide improvements or changes in design adapted by the manufacturer or MAM for similar goods subsequent to acceptance of Buyer's order. In the event this quotation relates to used machinery, it is hereby agreed that MAM makes no warranties, express or implied in connection with the sale and, without limiting the generality of the foregoing, MAM hereby expressly EXCLUDES any and all warranties of MERCHANTABILITY and warranties of fitness for a particular purpose and Buyer takes such goods sold hereby in an "as-is", "where-is" condition.

LIMITATION OF LIABILITY

MAM does not warrant against and shall not be held responsible for any economic loss, loss of production or materials, property damage, product liability, personal injury, or any other claim by Buyer, its agents, employees, insurance carriers, subrogates, successors, assigns, or third parties arising out of the purchase and/or use of the Goods, except as expressly provided herein. In no event shall MAM be responsible for loss of profits, indirect, special, exemplary, or consequential damages, whether or not Buyer was aware of the possibility of such damages. MAM's liability to Buyer under this agreement shall be limited to the actual amount paid by Buyer for the Goods involved and shall in no event exceed MAM's applicable insurance coverage. These limitations will apply even if the limited remedy in this section fails of its essential purpose.

COMPLIANCE WITH LAWS AND SAFETY REGULATIONS:

(A) The contract resulting from the acceptance of an order pursuant to this quotation shall be governed by and construed according to the law of the Commonwealth of Pennsylvania without reference to its conflict of law provisions.

(B) MAM makes no guarantees or representations express or implied, that the Goods are in compliance with OSHA. MAM does not guarantee or confirm, express or implied, that the installation or the use of the Goods complies with OSHA.

(C) It is also Buyer's sole responsibility to comply with all requirements or recommendations of Buyer, OSHA, and any other local, state, federal, or international safety or other treaties, statutes, laws or regulations as they may pertain to the sale, transport, alteration and/or operation or use of the Goods.

(D) It is the Buyer's sole responsibility to assure the safe use, maintenance, and operation of the Goods and of all options, safety equipment, and additions.

(E) Buyer agrees that its agents and employees, when operating the Goods, will comply with all operating procedures set forth in manufacturer operator manuals and instructions, and Buyer further agrees not to remove or modify any safety device, warning sign, operator manual, manufacturer instructions, or work handling tools. Buyer shall notify MAM promptly of any accident resulting from use of the Goods and agrees to cooperate with MAM in investigating and determining the cause of any such accident.

CONFIDENTIAL AND PROPRIETARY INFORMATION:

(A) Except to the extent that information is clearly in the public domain, all information provided by Buyer to MAM during the performance of the purchase order and all improvements, modifications and derivations thereto shall be deemed to be the proprietary information of Buyer. MAM agrees to hold Buyer's proprietary information in confidence and to protect it from release.

(B) The appearance of MAM and/or manufacturer logos on products does not constitute a license for Buyer to use them for any other purpose. Buyer shall not publish or reproduce any physical or digital materials supplied by MAM and/or any manufacturer without prior written consent of the appropriate party.

(C) Buyer shall adhere to any manufacturer terms and conditions and governing law pertaining to protection of its trade secrets, copyrights, and other intellectual property (collectively, "IP"), and Buyer shall not disassemble or deconstruct any of the Goods in any manner designed to infringe on manufacturer's IP rights without manufacturer's express approval.

OTHER TERMS

(A) Any limitations on liability set forth herein as to MAM, as well as commitments to indemnify and save MAM harmless, apply likewise for the benefit of its owners, agents, officers, employees, representatives, affiliates (subsidiaries and entities with common ownership), and assigns.

(B) Buyer agrees that jurisdiction and venue for any disputes arising from the accepted purchase order shall be mandatorily brought in the state or federal courts located in Dauphin County, Pennsylvania.

(C) MAM AND BUYER WAIVE THE RIGHT TO A TRIAL BY JURY IN ANY LAWSUIT ARISING OUT OF OR RELATING TO AN ACCEPTED PURCHASE ORDER.

(D) These Terms shall be construed without aid of any canon, custom or rule of law requiring construction against the drafter.

(E) A purchase order may not be assigned without MAM's express written consent.

(F) For purchases to be financed by MAM, these Terms shall be in addition to the applicable financing and security agreement.

(G) If any term in these Terms is determined to be unenforceable, Buyer agrees that such provision shall be severed from the Terms and that Buyer shall remain bound by the remaining provisions.

(H) The prevailing party in any suit to enforce these Terms as part of an accepted purchase order shall be entitled to recover its reasonable attorney fees and legal costs related thereto.
